

### **EUnetHTA Work Package 4 (WP4) invites public feedback on the Core Model and Core HTA on drug eluting stents**

Following a well-attended public launch of the first EUnetHTA results ([read the report from a workshop in Barcelona](#)), EUnetHTA WP4 invites producers and users of HTA, as well as all other stakeholders to provide feedback on the drafts of

- a) the Core Model for medical and surgical interventions and
- b) the Core HTA on drug eluting stents.

These documents are available at [http://www.eunethta.net/Work\\_Packages/WP\\_4/Activities/](http://www.eunethta.net/Work_Packages/WP_4/Activities/).

Please send your feedback **by the 30th of September 2007** by using our online form at <http://www.webropol.com/P.aspx?id=164117&cid=38254950>.

EUnetHTA members should use a separate questionnaire that will be sent to contact persons.
