

# EUnetHTA News

European network for Health Technology Assessment

June 20, 2008

## News from EUnetHTA Work Packages

### **EUnetHTA Collaboration proposal – way forward for HTA in Europe**

Following 2 rounds of internal review and a public consultation process, the EUnetHTA Steering Committee endorsed the proposal for a permanent European collaboration in HTA. [Read more...](#)

### **EUnetHTA members present up-to-date developments from the project**

At the [WHO Ministerial Conference in Tallinn, Estonia \(June 25-27, 2008\)](#) EUnetHTA is organising a satellite session "The European network for Health Technology Assessment – EUnetHTA- results and perspectives" (June 25, 17:30-18:30)

The goal of the EUnetHTA session is to present major practical HTA tools, the monitoring and capacity building development and to discuss the plans for a sustainable collaboration on HTA in Europe.

Prior to the satellite session, Finn Børllum Kristensen (National Board of Health of Denmark) will make a presentation on the framework for HTA at the Parallel Session on Resource Generation (June 25, 16:30-17:30)

The scientific programme of the [HTAi Annual meeting in Montreal, Canada \(July 6-9, 2008\)](#) include a number of poster and oral presentations from EUnetHTA partners. [Learn more...](#)

## **EUnetHTA Conference – HTA's Future in Europe**
