Future European HTA Collaboration – Public consultation feedback

The overview of the public consultation feedback and the original responses can be found in the [News section of the EUnetHTA website](#).

The public consultation feedback along with the discussions with the EUnetHTA partners, the Ministries/Departments of Health and the European Commission are informing further refinement of the proposal for the future European HTA Collaboration.

The final version of the proposal will be presented at the EUnetHTA Conference on November 20, 2008 in Paris.
